

Save time and money when you make the switch to online!

Clinicians have saved over 8,000 hours by switching to online!

The **WPS® Online Evaluation System™** lets you quickly and safely administer and score many of the WPS assessments you know and trust. This online testing platform increases clinical efficiency, and because it's HIPAA/FERPA compliant, you can use it with complete confidence. For the **same price as print materials**, you get so much more!

- Administer locally or remotely
- Email links to online forms directly to raters
- Check the status of an administration at any time
- Consume an online form only when you score it—never lose a print form again
- Easily see how many licenses are left so you never run out
- Score quickly and easily—no need for manual calculations
- View, save, and print reports so you can easily share valuable information with teachers, parents, and others involved in treatment
- Download and print Response Sheets when parents don't have Internet access
- Share online uses and other resources easily with the organization feature
